PREFATORY

The fourth volume of the Aberdeen City Directory (including tax paying citizens of Brown County) is herewith submitted to the public with the belief that in point of information and completeness it will give entire satisfaction and reflect credit on the city. We follow the rule adopted in all cities in which we publish, *i. e.*, we do not pad the directory with transient population, and each name in this volume will be found to be a bona fide citizen. We find the nearest average number throughout the different streets of the city to be three to each name occupying space in the directory. The publishers are pleased to make the announcement that the Aberdeen City Directory contains 1,843 names, which multiplied by three shows a population of 5,529. In New York City it is estimated that every man in the directory represents five persons, in Chicago, Cincinnati, Cleveland, Buffalo and Indianapolis three and one-half is the multiplier. In St. Louis, Kansas City, Omaha, Denver and other western cities three is the basis.

In conclusion, we beg to return our sincere thanks to those who have so generously given us their support, and especially to these enterprising citizens we hereby dedicate this work. To the public generally who have kindly aided us in getting up the data, etc., we return our acknowledgements. To our patrons and the public in general we promise to make each succeeding volume of the Aberdeen City Directory more worthy of commendation and patronage.

Respectfully,

SCOLLARD BROTHERS,

Publishers

June 1899.

SCOLLARDS'

Brown County Directory

1899 - 1900

Comprising an alphabetically arranged list of property holders,
tax-paying citizens, business firms, banks and incor-
porated institutions. Also containing the assessed
valuation of their property holdings,
personal and real

NOTE—"P. O." indicates postoffice; "Real," real estate; "Per," personal. The fol-
lowing assessed valuations taken from assessment books of Brown County, June, 1899:
